**A BILL  
TO BE ENTITLED**

An Act amending Chapter 228, Acts of the 56th Legislature, Regular Session, 1959, by adding a new section to be identified as Section 2A, providing a method by which certain conservation and reclamation

districts lying in more than one city shall be abolished; providing for the distribution of the physical assets, properties and facilities of said districts to said cities; providing for the assumption of the bonded indebtedness, liabilities, obligations, other debts and intangible assets of the districts by said cities; providing a procedure for the continuation of service by and the maintenance and operation of the physical assets, properties and facilities serving more than one city; authorizing certain cities to enter into mutual agreements with other cities by which said districts may be abolished, their assets, properties and facilities distributed to said cities, and their bonded indebtedness, liabilities, obligations and other debts assumed by said cities; providing that said agreements need not be approved by said districts; providing that said agreements may define and provide for the maintenance and operation of those physical assets, properties and facilities which serve territory within more than one city; providing that the agreements may have a term of fifty (50) years and may contain all provisions necessary or proper to the abolition of such districts, the distribution of their properties, assets and facilities and the assumption of their bonded indebtedness, liabilities, obligations and other debts; modifying the procedure by which such districts may be annexed by cities which have previously annexed territory within said districts; containing other provisions; providing a severability clause; and declaring an emergency."

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

SECTION 1. Chapter 228, Acts of the 56th Legislature, Regular Session, 1959 (Article 1182c-5, Vernon's Texas Civil Statutes), is hereby amended by adding after Section 2 a new section to be numbered "2A" to read as follows:

"Section 2A(1) Notwithstanding any other provision of the law or this Act, any conservation and reclamation district created or existing pursuant to Article XVI, Section 59 of the Constitution of Texas which lies wholly within more than one city, and which, on April 1, 1971, did not lie

wholly within more than one city, and which, on said date, was not a party to a contract providing for a Federal grant for research and development pursuant to Title 33, Sections 1155 (a) (2) and 1155(d) of the United States Code, as amended, and which has provided or is providing fresh water supply, sanitary sewer and drainage services shall be abolished ninety (90) days after the inclusion of all of the territory of said district within said cities, and the physical assets, properties and facilities of the district shall be distributed to said cities and its intangible assets, bonded indebtedness, liabilities, obligations and other debts assumed by said cities in the following manner:

"(a) All physical assets, properties and facilities of said district located within the boundaries of each respective city shall, at the date of distribution, belong to said city. The intangible assets, bonded indebtedness, liabilities, obligations and other debts of the district shall be assumed by the cities. That part of the intangible assets, bonded indebtedness, liabilities, obligations and other debts of the district assumed by each city shall be determined by multiplying the total intangible assets, bonded indebtedness, liabilities, obligations or other debts of the district by a fraction, the numerator of which is the original cost of all physical assets, properties and facilities of said district distributed to the city and the denominator of which is the total original cost of all physical assets, properties and facilities of the district. The term "original cost" as used in this Section shall mean the actual cost of construction or acquisition. Operating expenses during construction, interest during construction, organizational expenses, engineering fees, legal fees, fiscal fees and other fees and expenses shall not be considered when determining the original cost of any physical assets, properties or facilities. Each city shall faithfully perform all duties, functions and obligations imposed by law or by contract upon the abolished district and its governing body in regard to any outstanding district bonds, warrants or other obligations payable in whole or in part from the revenues from the operation of the district's properties, assets and facilities; provided, however, that maintenance and operation expenses may be allocated by a city between two or more similar properties, assets and facilities owned and operated by the

city in direct proportion to the gross income of each.

"(b) All of the physical assets, properties and facilities which serve territory within more than one city shall continue to serve such territory and shall be operated and maintained by the city within which such properties, assets and facilities are located. Said city may make reasonable charges to the other cities served by such assets, properties and facilities for the operation and maintenance of such assets, properties and facilities.

"(2) Notwithstanding any contrary provision of the law or this Act, a district defined by Section 2A(1) may be abolished by mutual agreement between all of the cities wherein said district lies. Such agreement need not be approved by the district. The agreement may designate a date or dates, no later than ninety (90) days after the inclusion of all of the territory of said district within said cities, upon which the district shall be abolished. The agreement may provide a method by which the district's properties, assets and facilities shall be taken over by the cities, and the bonded indebtedness, liabilities, obligations and other debts of the district shall be assumed by said cities pursuant to such agreement. Said agreement may define those physical assets, properties and facilities of the district which serve territory within more than one city, and may provide a method by which said assets, properties and facilities shall be operated and maintained. An agreement executed pursuant to this Section may contain all provisions necessary or proper to the abolition of said district, the distribution of its properties, assets and facilities, and the assumption of its bonded indebtedness, liabilities, obligations, and other debts. Said agreement may bind the parties for as long as fifty (50) years, notwithstanding any provision of the city charters of the respective cities to the contrary.

"(3) If a city which has previously annexed territory within a district defined in Section 2A(1) annexes additional territory which lies wholly within such district and obtains the consent of all other cities which have previously annexed territory within said district and which have extra-territorial jurisdiction over the territory proposed to be annexed, then, notwithstanding any contrary provision of the Municipal Annexation Act (Article 970A, Vernon's Texas Civil

Statutes, as amended), such annexing city need not obtain the consent of any other municipality.

SECTION 2. Nothing in this Act shall be construed to violate any provision of the Constitution of the United States of America or the Constitution of the State of Texas and all acts done hereunder shall be done in such manner as may conform thereto. If any word, phrase, clause, paragraph, sentence, part, portion or provision of this Act or the application thereof to any person or circumstances is held to be invalid or unconstitutional, the remainder of this Act shall nevertheless be valid and the Legislature hereby declares that this Act would have been enacted without such invalid or unconstitutional word, phrase, clause, paragraph, sentence, part, portion or provision. All of the terms and provisions of this Act are to be liberally construed to effectuate the purposes, powers, rights, functions, and authorities herein set forth.

SECTION 3. The fact that the provisions of this Act are urgently needed to effectuate efficient municipal government and to eliminate overlapping and duplicitous municipal functions creates an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended and said Rule is hereby suspended and this Act shall take effect and be in force from and after its passage, and it is so enacted.

The Conference Committee Report was read and was adopted by the following vote:
